Trend Micro (Securing Your Web World)

PC-cillin Internet Security 2008 (Client Protection)

Trend Micro™ PC-cillin™ Internet Security 2008 protects your PC and home network against all types of viruses, worms, Trojans, and blended threats. It also blocks hackers, detects and removes spyware, guards against phishing attacks, filters unwanted content, and minimizes spam. New features include Home Network Control and Wi-Fi Intrusion Detection—extending security to your home and wireless networks.
